WHIPPING POST

The Very Thing to Stop Wife Beaters, Think Atlanta.

Atlanta, May 7.—The city police court may be compelled to consider the establishment of a whipping post for wife-beaters, if more fines and sentences do not soon put a stop to the practice in Atlanta.

Yesterday three different men were arrested and found guilty of beating and mistreating their wives. As usual, the women were taken to the work there were several children. Walter H. Milam, a St. Lawrence operator, was one of the principal offenders yesterday. Milam was fined \$100 for mistreating his pretty wife, who last Monday night and was also bound over to the state courts on a charge of wife-beating and assaulting a neighbor who heard Mrs. Milam's screams and went to her assistance.

In another case, that of J. Stratton, the wife who had been beaten, appeared in the court to plead for mercy toward her husband, whom she said she loved. The judge was moved to reduce Stratton's fine to \$10.75.

Refused alms, Harry Taylor, a crippled beggar in New York, Mrs. Mary Madden with the pretch, six cents in the workhouse.

Arthur Richardson of Hartwell, Ga. was in the city yesterday on business.

DEAD MEN'S VOTES

Atlanta, May 7.—Dead men's votes was one of the factors that killed the hospital bond issue in Atlanta. For the first time perhaps in a local primary or election an issue was killed by men who didn't even appear at the polls, and who in many instances are no longer on earth.

The hospital bond issue, required a two-thirds majority vote of all the registered voters. It got easily two-thirds of all those that voted, but there were a great many registered that did not vote at all. In addition the registration list contained the names of numbers of men who have died since the list was made out.

The votes of these dead men counted just as strongly against the bond as that of the living few who walked to the polls and voted against them.

The efforts for a hospital bond issue has been for the first time abandoned. The enemies of the movement say that if the municipal hospital plan is divorced entirely from the medical college, the measure can, perhaps, be made to pass.

Atlanta, as things stand, is about as bad off for the adequate hospital facilities as any prosperous city in the whole world.

ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

Fake Advertising Must Be Prohibited.

The Ad Club department of the Anderson chamber of commerce yesterday received a copy of House bill No. 13305, introduced in Congress by Representative Stevens of New Hampshire. The object of this bill is to place a ban on fake advertising schemes and it is said that the bill will probably pass. This bill has a local interest because of the fact that W. L. Brissey, representing the Anderson Ad. Club at the last convention in Baltimore, was one of its strongest supporters and advocated the enactment of such a law.

It is worthy of note that the chamber of commerce, during the last three days, has succeeded in stamping out three fake advertising schemes in Anderson. This work should certainly be appreciated by Anderson merchants and Anderson business men.

Anderson Will Be Well Represented.

Anderson will be well represented when the Southern Commercial Secretaries gather for the annual meeting, to be held this year in Vicksburg, Miss. On May 10 and 11, Capt. Benjamin Laughlin and Hon. J. S. Fowler are now planning for the trip, these gentlemen to be the guests of Capt. Laughlin's relatives in Vicksburg, and Porter A. Whaley, secretary of the Anderson chamber of commerce, is slated for an address at the meeting. Mr. Whaley is to speak on the topic, "Value of a Retail Merchants' Association—Should it be Affiliated With or Independent of the General Organization" and his address will be one of the principal events of Friday, June 5. Following the conclusion of this convention Capt. Laughlin and Mr. Fowler will go to New Orleans for a short stay, making the trip by boat from Vicksburg.

Fans Urged To Attend Game.

The baseball fans in Anderson are urged to remember that the athletic association of the Anderson High school is now facing bankruptcy and if the attendance for today's game is not better than it has been for the last few days it will sound the death knell for baseball in this city, so far as the boys are concerned. The exhibition to be staged this afternoon against the Furman Pitching School of Greenville should be a good one and it is the duty of the local fans to turn out and help encourage the local school. The game will be staged at Beuna Vista park and will be called promptly at 3 o'clock.

Boy Scouts To Parade.

The organization of a patrol of the Boy Scouts of America, to assist in the work of taking care of the Veterans during the reunion here, will make the handling of the situation much more simple than it has heretofore been. Already 16 boys have been enrolled and they are hard at work, getting ready for the coming event. F. M. Burnett, secretary of the V. M. C. A., has ordered the uniforms and says that his boys will show up to good advantage when the reunion opens.

Gen. Reed Is Enjoying Trip.

A letter was received in Anderson yesterday from Gen. G. A. Reed, now in Atlanta, in which Gen. Reed says that Anderson people make every possible preparation for taking care of the Confederate veterans when they come here on May 27. Gen. Reed has been in Atlanta for grand opera, but has now gone to Jacksonville for the reunion. He is stopping at Aragon hotel there and is meeting many of his old friends. Before returning to Anderson he will again visit Atlanta, this time for the Surgeon's parade.

Are Animal Is Here.

No circus has come to Anderson within its last few days, so far as it is known, but the appearance on the streets yesterday of a cat, might cause the people of the village to think. This animal was attached to the "Cherry Tree" circus and yesterday it striped itself has been so accurately painted that even Teddy Roosevelt would have some difficulty in making out its real color.

Mr. McLaughlin, formerly United States Senator from South Carolina and now an active candidate for Governor, was in Anderson yesterday. Mr. McLaughlin said that he was nearly here to shake hands with his friends and to shake hands with his friends.

Some Hall and Splendid Rain.

Anderson was visited yesterday afternoon at 12:30 by a splendid rain and some hail. The rain fell in sheets for a time and was accompanied by an electrical disturbance but the storm was of short duration. Although the hail fell in quantities in some parts of the county, it is not thought that any considerable damage was done. The farmers of all the county were well pleased with the help that will be done the growing crops and it was also a relief to the people in the town, since the dust for the last few days has been very unpleasant.

Horse Show Is Growing Better.

A number of Anderson people went to Greenville last night for the Greenville Horse Show, which is decidedly the event of the week in this immediate section. The horse show has the finest display of horse flesh this year ever shown in the State and it is considered remarkable that the attendance is poorer than it has ever been. The Anderson people making the trip last night went on a special train, returning to the city at a late hour.

Negro Suffered Painful Injuries.

While driving his automobile, down East Orr street yesterday afternoon, Frank Burris struck a negro and inflicted painful bruises on the pedestrian. The driver was not running the machine at a rapid rate but just at the time the rain was falling heavily, and the negro had his umbrella placed so that he did not see or hear the approaching vehicle. His name could not be learned but it was said by those who collected around him after the accident that he sustained nothing worse than painful bruises.

Baby Cakes Held Tomorrow.

The Epithet Class of the First Baptist Church will hold one of its week-end cake sales tomorrow afternoon. The cakes will be offered at the Olympia Ice Cream parlor and judging from the patronage of the last few sales, the proceeds realized tomorrow will be large. Aside from the cause for which the young ladies are laboring, the public should patronize these sales because the cakes are real.

Delegation From More To Greenville.

About 10 or 12 Anderson county voters, headed by Sheriff Joe M. H. Ashley, went to Greenville last night to attend the political rally held in that city. Gov. Blesse, John L. McLaurin and Sam Nichols were the principal speakers of the evening. The local delegation extended an invitation to the Governor to come to Anderson and deliver a speech some time in the near future.

Many Autos In City and County.

All told there are 718 automobiles in Anderson county according to figures obtained from Columbia yesterday. These cars have been bought at an average rate of 250 per year, as follows: In 1911 there were 188 cars purchased; in 1912, 191 cars; in 1913, 116 and for the first four months of 1914 have been 37 cars purchased. In all the State there are 25,000 automobiles in use, with Anderson among the counties having the largest number of automobiles. Jasper county has the record for the smallest number of cars, the infant county boasting of only four machines in all the county.

Five Fires Here During Last Month.

The report of the State Fire Insurance Commissioner was made public yesterday and this says that there were five fires in the city of Anderson during the month of April, totaling a loss of \$251,450. In all the State the fire loss for the month amounted to \$8,292,900 and the report of the commissioner says that a majority of these fires were due to rats and matches, although a few incendiaries had been reported.

Mr. Taylor Has Been Re-elected.

A number of Anderson people were gratified over the announcement that Mr. Taylor had been re-elected to the position of Traveling Passenger Agent of the Southern Railway. Mr. Taylor has been in the employ of the Southern for the last five or six years and during that time he has made many friends in this section of the State. He was re-elected to Anderson and local people are glad to hear of his re-election.

First Train Will Be Here.

The first train for the reunion will be here on May 27.
